1. ANTECEDENTS, THE TYPE OF THE MERGER

- 1.1. The sole shareholder of **BUDAPEST Hitel- és Fejlesztési Bank Zártkörűen Működő Részvénytársaság** (registered office: 1138 Budapest, Váci út 193., Magyarország; registered by the Court of Registration of the Budapest Metropolitan Court of Justice under company registration number Cg.01-10-041037) and **Magyar Takarék Bankholding Zártkörűen Működő Részvénytársaság** (registered office: 1134 Budapest, Kassák Lajos utca 18., Magyarország; registered by the Court of Registration of the Budapest Metropolitan Court of Justice under company registration number Cg.01-10-141497) as companies being acquired (hereinafter collectively: "**Companies Being Acquired**") resolved on 15 December 2021 that the Merging Companies merge, by acquisition, with **MKB Bank Nyrt.** (registered office: 1056 Budapest, Váci u. 38., Magyarország; registered by the Court of Registration of the Budapest Metropolitan Court of Justice under company registration number Cg.01-10-040952), as acquiring company (the "**Acquiring Company**") (the Companies Being Acquired and the Acquiring Company collectively "**Merging Companies**"). The resolutions adopted by the sole shareholder of the Companies Being Acquired are listed in Annexes 1-2 of the Merger Contract attached hereto as Annex 1.
- 1.2. Also on 15 December 2021 the general meeting of the Acquiring Company adopted a resolution on the Companies Being Acquired merging with the Acquiring Company through acquisition. The resolution adopted by the general meeting of the Acquiring Company is presented in Annex 3 of the Merger Contract attached hereto as Annex 1.
- 1.3. The key data (company name, registered office, company registration number, amount and composition of subscribed capital etc.) are presented in the Merger Contract attached hereto as Annex 1.
- 1.4. The executive officers of the Merging Companies prepared this Merger Plan in view of the resolution adopted by the general meeting of the Acquiring Company on 15 December 2021 concerning the payment of dividend advance in an amount of HUF 4,300,000,000.
- 1.5. Since the executive officers of the Merging Companies have prepared all documents required for making a decision on the merger, the supreme bodies of the Merging Companies adopted one resolution (one-step decision making) concerning the merger (by acquisition) as specified in Section 8 of Act CLXXVI of Act CLXXVI of 2013 on the Transformation, Merger and Demerger of Certain Legal Persons (the "Transformation Act").
- 1.6. In the case of a one-step decision Section 8 (1) of the Transformation Act allows the use in the transformation plan (merger plan) of draft lists of assets and liabilities and underlying draft property inventories pertaining to a date, specified by the executive officers, preceding the date of the decision concerning the transformation (merger) by not more than six months as balance sheet cut-off date and draft property inventories underlying them. In view of this, pursuant to the resolutions adopted on 15 December 2021 by the supreme bodies of the Merging Companies during the course of the merger (by acquisition) the draft lists of assets and liabilities and the underlying draft property inventories of the Merging Companies, prepared with 31 August 2021 as cut-off date, shall be used as the closing draft list of assets and liabilities of the Merging Companies (the company being acquired and the acquiring company) and the opening draft list of assets and liabilities of the Acquiring Company (legal successor).
- 1.7. In accordance with Section 4 (5) of the Transformation Act the above draft lists of assets and liabilities and draft property inventories were checked by the supervisory boards of the Merging Companies and an auditor or auditors, as specified in Section 13 (2) of the Transformation Act.
- 1.8. As a consequence of the merger (by acquisition) the Companies Being Acquired shall be terminated by the Acquiring Company being the general legal successor of each Company Being

Acquired. Based on the decision of the supreme bodies of the Merging Companies the legal effects associated with the merger by acquisition shall accrue on 31 March 2022 or, if the acquisition is not registered by that date, upon the date of its registration ("**Date of Acquisition**").

1.9. The acquisition is in conformity to the requirements stipulated in Section 4 23/a of Act LXXXI of 1996 on the Corporate Tax and Dividend Tax (hereinafter: "Corporate Tax and Dividend Tax Act"), given the fact that only companies are involved in the acquisition both as legal predecessor and legal successor (Section 4 32/a of the Corporate Tax and Dividend Tax Act) and the sole shareholder of the Companies Being Acquired acquires a participation in the Acquiring Company in the framework of the acquisition and it acquires cash and liquid assets not exceeding 10 percent of the combined face value of the acquired participation (preferential transformation).

2. THE DRAFT LISTS OF ASSETS AND LIABILITIES OF THE MERGING COMPANIES AND THE UNDERLYING DRAFT PROPERTY INVENTORIES

The draft lists of assets and liabilities of the Merging Companies and the underlying draft property inventories as well as audit reports on their review, as well as the supervisory board resolutions, are contained in Annexes 4-7 of the Merger Contract attached hereto as Annex 1.

3. THE DRAFT OF THE AMENDMENT OF THE DEED OF FOUNDATION (STATUTE) OF THE ACQUIRING COMPANY

The draft of the amendment of the deed of foundation (statute) of the Acquiring Company is presented in Annex 8 to the Merger Contract attached hereto as Annex 1.

4. DRAFT ON THE WAY OF SETTLEMENT WITH PERSONS NOT WISHING TO PARTICIPATE IN THE ACQUIRING COMPANY AS MEMBERS ("EXITING SHAREHOLDER")

- 4.1. In accordance with Section 3:42 (1) of Act V of 2013 on the Civil Code ("Civil Code") and Section 5 (2) of the Transformation Act the shareholders of the Merging Companies may, within 30 days of the communication of this Merger Plan, issue written declarations with contents corresponding to that of the template attached to the Merger Contract as Annex 9, attached hereto as Annex 1 stating that they do not wish to be shareholders of the Acquiring Company after the merger (acquisition) ("Exit Declaration"). An Exit Declaration may be issued not later than the commencement of voting on the merger (acquisition).
- 4.2. The Companies Being Acquired are one-man private limited companies whose sole owner makes its decision on merger (acquisition) and so this section and the following section 8 shall apply exclusively to the shareholders of the Acquiring Company.
- 4.3. One prerequisite for the issuance of a valid Exit Declaration is that the Exiting Shareholder issues an order in advance as specified in Section 144 of Act CXX of 2001 on the Capital Market for the securities account keeper of the Exiting Shareholder transfers the shares in its ownership, issued by the Acquiring Company, to a securities sub-account blocked for an indefinite period of time. The Exiting Shareholder shall specify "Settlement with the Exiting Shareholder", as the legal ground for blocking, and the Acquiring Company, that is, MKB Bank Nyrt., as the beneficiary of blocking.
- 4.4. The Exiting Shareholder shall attach to its Exit Declaration the certificate of blocking issued by its securities account keeper about the blocking referred to in the above subsection 4.3.
- 4.5. Another prerequisite for the issuance of a valid Exit Declaration is that the Exiting Shareholder issues a securities transfer order to have its shares specified in its Exit Declaration and blocked as

specified in the above subsection 4.3 transferred to its technical securities account No. 10300002-01100032-44443284 (KELER 0070/M00000) kept with MKB Bank Nyrt., in a form accepted by its securities account keeper. After the Date of Acquisition the Acquiring Company shall, as the beneficiary of blocking, immediately consent to the execution of the transfer order, whereupon the securities account keeper shall immediately execute the transfer order.

- 4.6. The Exiting Shareholder shall attach the transfer order as per the above subsection 4.5 to its Exit Declaration.
- 4.7. Any cost to be incurred in relation to blocking and/or transferring shall be borne by the Exiting Shareholder.
- 4.8. Section 3:42 of the Civil Code stipulates that the membership of the Exiting Shareholders ceases on the Date of Acquisition and that they are entitled to such part of the assets of the Acquiring Company which they could claim if the Acquiring Company were to be terminated without a legal successor. The proportion of assets to which the Exiting Shareholders are entitled is determined as stipulated in Section 8.
- 4.9. The cash equivalent of the part of assets to which an Exiting Shareholder is entitled shall be transferred to the payment account specified by the Exiting Shareholder in its Exit Declaration within 60 days of the Date of Acquisition.
- 4.10. In case the merger is not executed on the basis of the decision taken by the supreme bodies of the Merging Companies, or in the absence of their decision, or if the competent Court of Registration refuses to register the member, or if the merger fails for any other reason, the Acquiring Company shall, within 5 working days of the date of the refusal or negative decision or the date on which decision failed to be made or the date of receipt of the Court of Registration's ruling, provide for the termination of the blocking of the shares.

5. THE REASONS FOR, AND THE WAY OF, THE REARRANGEMENT OF THE CAPITAL STRUCTURE

In the course of the merger (by acquisition) the Acquiring Company shall issue shares to the sole shareholder of the Companies Being Acquired, as stipulated in Section 13 of the Merger Contract attached hereto as Annex 1. Since the subscribed capital of the Companies Being Acquired does not cover the face value of the shares to be issued in the course of the merger (acquisition), a rearrangement took place in the opening (legal successor) list of assets and liabilities of the Acquiring Company, to the debit of the share premium account (agio).

6. ASSET CONTRIBUTION OF THE NEW MEMBERS JOINING SIMULTANEOUSLY WITH THE ACQUISITION

No new shareholders join the Acquiring Company simultaneously with the acquisition therefore no assets shall be contributed either.

7. ASSET CONTRIBUTION STIPULATED TO BE PROVIDED ADDITIONALLY BY THE EXISTING MEMBERS AS A PREREQUISITE FOR THE ACQUISITION

As part of the acquisition Magyar Bankholding Zrt. (registered office: 1134 Budapest, Kassák Lajos utca 18.; company registration number: Cg.01-10-140865; "MBH") shall, as the sole shareholder of the Companies being Acquired and the shareholder of the Acquiring Company, make a additional asset contribution in an amount of HUF 185,000,000,000 to the Acquiring Company. The MBH shall make the additional asset contribution available by transfer to the payment account of the Acquiring Company by 28 February 2022 in such a way that HUF 75,602,779,000 of the additional asset contribution shall be used for increasing the share capital

of the Acquiring Company, while the remaining HUF 109,397,221,000 shall be definitively added to the Acquiring Company's share premium account (agio) and shall be stated in the books as an increase in the share premium account (agio), as stipulated in Section 36 (1) a) of Act C of 2000.

8. THE PROPORTION OF ASSETS DUE TO MEMBERS NOT WISHING TO PARTICIPATE IN THE ACQUIRING COMPANY (EXCITING SHAREHOLDER) SPECIFIED PURSUANT TO THE PROVISIONS OF THE ACCOUNTING ACT

8.1. Section 3:42 of the Civil Code stipulates that the membership of the Exiting Shareholders ceases on the Date of Acquisition and that they are entitled to such part of the assets of the Acquiring Company which they could claim if the Acquiring Company were to be terminated without a legal successor.

The proportion of assets to which the Exiting Shareholders are entitled is determined as stipulated below:

The Civil Code stipulates that in determining the part of the assets to which the Exiting Shareholders are entitled that value is to be determined which could be realised not in the case of continuous business operations but upon the termination of the Acquiring Company. Accordingly, the value of the Acquiring Company has been established as the value of its net assets reduced/adjusted by liquidation discount.

The adjustment resulting from the liquidation value affected primarily the following items: intangible assets, tangible assets, loan portfolio, securities held to maturity, participations and bank deposits. In the calculation of the liquidation value the market value of the intangible assets and the tangible assets was determined as their depreciated replacement value, while the value of the loan portfolio, the securities, participations and bank deposits was calculated with the discounted cash flow method.

8.2. Accordingly, the proportion of asset to which the Exiting Shareholders are entitled, for one share owned in the Acquiring Company: 2,165 HUF/share.

9. REVALUATION OF THE ASSETS AS PER SECTION 137 OF THE ACCOUNTING ACT

No asset revaluation as per Section 137 of the Accounting Act takes place during the acquisition.

10. THE DRAFT OF THE MERGER CONTRACT

The draft of the merger contract to be concluded by and between the Merging Companies is presented in Annex 1 hereto.

11. SPECIAL RULES ON THE MERGER OF PUBLIC LIMITED COMPANIES

- 11.1. Since the Acquiring Company is operating in the form of a public limited company, the acquisition shall take place in accordance with the special rules of the Transformation Act concerning the merger of public limited companies.
- 11.2. In accordance with Section 25 (4) of the Transformation Act the Merging Companies published, on the website of the Acquiring Company 30 days before the adoption of the supreme bodies' decision on the merger, the merger plan (including, in particular, the merger contract), the Merging Companies' reports on the last three years, as per the Accounting Act, the written report of the management of the Acquiring Company and the audit report, making sure that they were continuously accessible, downloadable and printable free of charge,

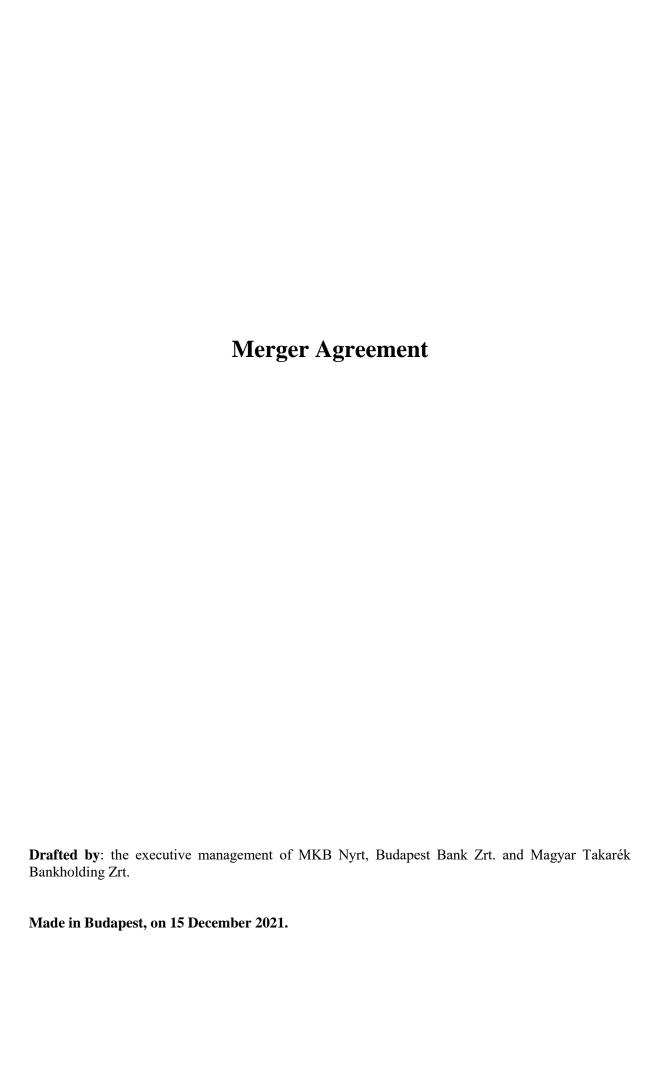

- throughout the period up to the adoption of the supreme bodies' decisions on the merger. The documents were also available for reviewing at the registered office of the Acquiring Company.
- 11.3. Pursuant to Section 25 (2) of the Transformation Act the Merging Companies ensured that every shareholder could, at least 30 days before the adoption of the supreme bodies' decisions concerning the merger, at the registered offices of the Merging Companies, review, in addition to this Merger Plan, the Merging Companies' reports for the last three years as per the Accounting Act, the management teams' written reports and the audit reports as well.
- 11.4. The Merging Companies made possible, pursuant to Section 25 (3) of the Transformation Act, the production of duplicates, at the request, and for, the shareholders, of all of the documents which the shareholders were entitled to review, or of any specific document identified by the shareholders, at the expense of the Merging Companies. If a shareholder asked for, or consented to, the transmission of the documents electronically, the documents were transmitted to the shareholder to the electronic address specified by the shareholder.
- 11.5. The duly authorised representatives of the Merging Companies sign this Merger Plan in accordance with Section 3 (5) of the Transformation Act at the place and on the day written below.

5. DRAFT AMENDMENTS TO BE MADE TO THE DOCUMENTS OF INCORPORATION (ARTICLES OF ASSOCIATION) OF THE ACQUIRING COMPANY

The draft amendments to be made to the document of incorporation (Articles of Association) of the Acquiring Company are contained in <u>Annex no. 8</u> to this Merger Agreement, indicating the new provisions and those to be deleted in a tracked manner.

- 6. DRAFT SETTLEMENT METHOD TO BE APPLIED WITH RESPECT TO THE PERSONS NOT INTENDING TO PARTICIPATE IN THE ACQUIRING COMPANY AS A MEMBER ("EXITING SHAREHOLDER")
- 6.1 Pursuant to Section 3:42 (1) of Act V of 2013 on the Civil Code ("Civil Code") and Section 5 (2) of the Transformation Act, the shareholders of the Merging Companies may declare in writing, within thirty days of the publication of the merger plan, with contents complying with the model attached as Annex no. 9 if they do not intend to become a shareholder of the Acquiring Company following the merger (acquisition) ("Exiting Declaration"). The Exiting Declaration may be provided until the commencement of the voting on the merger (acquisition), at the latest.
- 6.2 The Companies Being Acquired are single-member private limited companies, whose sole shareholder adopts a decision on the merger (acquisition), thus, this clause and Clause 10. below are to be applied only with respect to the shareholders of the Acquiring Company.
- 6.3 The Exiting Declaration may be validly made on condition that the Exiting Shareholder had previously ordered, pursuant to Section 144 of Act CXX of 2001 on the Capital Market, the account-keeper of the Exiting Shareholder to transfer the securities held by the Exiting Shareholder, issued by the Acquiring Company, onto a blocked securities sub-account for an indefinite period of time. The Exiting Shareholder shall indicate "Settlement with Exiting Shareholder" as the legal basis of blocking and designate the Acquiring Company, namely, MKB Bank Nyrt. as the Beneficiary.
- 6.4 The Exiting Shareholder shall attach to the Exiting Declaration the blocking certificate issued by its securities account-keeper on the blocking as per Clause 6.3 above.
- Another condition of making a valid Exiting Declaration is the provision of an order by the Exiting Shareholder, in form accepted by the securities account keeping institution, for the transfer of its shares designated in its Exiting Declaration and blocked as per Clause 6.3 above onto the technical securities account maintained with MKB Bank Nyrt. under number 10300002-01100032-44443284 (KELER 0070/M00000). Following the Acquisition Date, the Acquiring Company, as the beneficiary of the blocking, will immediately approve the execution of the transfer order, following which the securities account-keeping institution shall immediately execute the transfer order.
- 6.6 The Exiting Shareholder shall attach the transfer order made as per Clause 6.5 above to its Exiting Declaration.
- 6.7 The costs of blocking and transfer possibly arising shall be borne by the Exiting Shareholder.
- 6.8 Pursuant to Section 3:42 (2) of the Civil Code, the membership of the shareholders that do not intend to participate in the Acquiring Company, having made an Exiting Declaration shall

cease and these shareholders will be entitled to a proportion of the assets of the Acquiring Company equivalent to what they could claim upon the cessation of the Company without a legal successor. The asset ratio due to the shareholders that made an Exiting Declaration will be determined as set out in Clause 10.

- 6.9 The monetary value of the asset ratio due to the shareholders that made an Exiting Declaration will be transferred onto the payment account designated by the shareholder in the Exiting Declaration within 60 days following the Acquisition Date.
- 6.10 If the merger is not implemented pursuant to or in lack of the decision adopted by the supreme bodies of the Merging Companies, the competent Company Court refuses to register the merger or the merger is frustrated for any other reason, the Acquiring Company will take steps to terminate the blocking of the shares within 5 working days following the receipt of the negative decision by the supreme body, or of the lack of its decision, or of the order by the Company Court rejecting the merger.

7. REASONS FOR REARRANGING THE CAPITAL STRUCTURE AND THE MEANS OF ITS IMPLEMENTATION

In the course of the merger (acquisition) the Acquiring Company issues shares to the sole shareholder of the Companies Being Acquired in accordance with those contained in Clause 13. Considering that the subscribed capital of the Companies Being Acquired does not cover the nominal value of the shares to be issued in the course of the merger (acquisition), the capital structure will be rearranged in the draft opening (successor) statement of assets and liabilities of the Acquiring Company against the contributions in excess of par value (share premium).

8. IN-KIND CONTRIBUTIONS BY NEW MEMBERS JOINING CONCURRENTLY WITH THE ACQUISITION

There will be no new shareholders joining the Acquiring Company concurrently with the acquisition, thus no in-kind contributions will be made.

9. ADDITIONAL IN-KIND CONTRIBUTION TO BE MADE BY THE EXISTING MEMBERS, SET AS A CONDITION FOR THE ACQUISITION

In the scope of the merger, Magyar Bankholding Zrt. (head office: 1134 Budapest, Kassák Lajos utca 18.; compny registration no.: Cg.01-10-140865; "MBH") as the sole shareholder of the Companies Being Acquired and the shareholder of the Acquiring Company shall make an additional in-kind contribution to the Acquiring Company in a sum of HUF 185.000.000.000. MBH is obliged to make the additional in-kind contribution available by bank transfer onto the payment account of the Acquiring Company by 28 February 2022, in such a way that HUF 75,602,779,000.00 of the additional contribution will be used to increase the share capital of the Acquiring Company and the remaining portion of HUF 109. 397,221,000.00 will be definitively transferred to the contribution in excess of par value (share premium) by the Acquiring Company pursuant to Section 36 (1) a) of Act C of 2000 on Accounting and shall be recognised as an increase in the contribution in excess of par value (share premium).

10. ASSET RATIO OF A MEMBER NOT INTENDING TO PARTICIPATE IN THE ACQUIRING COMPANY, DETERMINED PURSUANT TO THE REQUIREMENTS OF THE ACCOUNTING ACT

10.1 Pursuant to Section 3:42 (2) of the Civil Code, the membership of the shareholders that do not intend to participate in the Acquiring Company shall cease on the Acquisition Date and

they will be entitled to a ratio of the assets of the Acquiring Company equivalent to what they could claim upon the cessation of the company without a legal successor.

10.2 The asset ratio due to the Exiting Shareholders will be determined as follows:

Pursuant to the provisions of the Civil Code, in determining the asset ratio due to the Exiting Shareholders, the value that could be realised upon the termination of the Acquiring Company, rather than that related to going concern needs to be determined. Accordingly, the value of the Acquiring Company has been determined as the adjusted value of its net assets less liquidation discount.

The adjustment associated with the liquidation value primarily affected the following items: intangible assets, tangible assets, credit portfolio, securities held until maturity, holdings, bank deposits. In determining the liquidation value, the market value of intangible assets and tangible assets was determined as their depreciated replacement value, and the value of securities, holdings and bank deposits was determined using the discounted cash-flow method.

Based on the above, the asset ratio falling on each share owned in the Acquiring Company, due to the shareholders not intending to participate in the Acquiring Company equals: HUF 2.165 / share.

11. ASSET REVALUATION AS PER SECTION 137 OF THE ACCOUNTING ACT

During the acquisition, there will be no asset revaluation as per Section 137 of the Accounting Act.

12. PREFERENTIAL TRANSFORMATION

- 12.1 The acquisition complies with the conditions set out in Section 4 23/a of Act LXXXI of 1996 on Corporate Tax and Dividend Tax, considering that, only companies participate in the merger both as legal predecessors and legal successors (Section 4 32/a of the Corporate Tax Act) and, in the course of the acquisition, the sole shareholder of the Companies Being Acquired acquires in the Acquiring Company a holding and funds equalling up to 10% of the combined nominal value of the holding acquired (preferential transformation), thus the acquisition shall be deemed a preferential transformation.
- 12.2 With respect to the merger (acquisition), the Acquiring Company undertakes to enter the following commitment in its Articles of Association, in accordance with Section 16 (10) of the Corporate Tax Act:
 - 12.2.1 In consideration of those contained in Section 16 (9)-(11) of Act LXXXI of 1996 on Corporate Tax and Dividend Tax, the Acquiring Company represents that it will determine the assets and liabilities transferred to it from the predecessor company following the merger (including provisions and accruals and deferred income) by virtue of the amendment of the earnings before taxes as if no merger had been implemented.

13. SPECIAL PROVISIONS APPLICABLE TO THE MERGER OF PUBLIC LIMITED COMPANIES

13.1 Considering that the Acquiring Company operates as a public limited company, the acquisition will be implemented in compliance with the special rules set forth in the Transformation Act, applicable to the merger of public limited companies.

- In the course of the acquisition, the subscribed capital of the Acquiring Company will increase to HUF 311,319,983,000, according to the following:
 - 13.2.1 By virtue of the additional in-kind contribution set out in Clause 9, 75.602.779 ordinary shares, each having a nominal value of HUF 1,000 and having an issuing value of HUF 2,446,9999971827 (that is, having a total issuing value of HUF 185,000,000,000), will be issued in dematerialised form, which will be due to MBH that makes the additional in-kind contribution, as the sole shareholder of the Companies Being Acquired and the shareholder of the Acquiring Company.
 - 13.2.2 A total of 135,717,.204 ordinary shares, each having a nominal value of HUF 1,000 will be issued in dematerialised form against the shares of the Companies Being Acquired, which will be due to MBH as the sole shareholder of the Companies Being Acquired, according to the below exchange ratio:

Share:	Exchange ratio:
BUDAPEST Hitel- és Fejlesztési Bank	
Zártkörűen Működő Részvénytársaság,	1 / 4,88181277
ordinary share	
Magyar Takarék Bankholding	
Zártkörűen Működő Részvénytársaság	1 / 1,35770457
ordinary share	

Pursuant to Clause 13.2.2 above, MBH, as the sole shareholder of the Companies Being Acquired shall be entitled to the ordinary shares issued by the Acquiring Company against the shares of the Companies Being Acquired as a result of the acquisition, according to the following:

Shares of the Companies Being Acquired	Ordinary shares of the
	Acquiring Company
Against 19.395.945 ordinary shares of BUDAPEST	94,687,372
Hitel- és Fejlesztési Bank Zártkörűen Működő	
Részvénytársaság	
Against 30,220,000 ordinary shares of Magyar Takarék	41,029,832
Bankholding Zártkörűen Működő Részvénytársaság	

13.4 The above exchange ratios were determined further to the valuations below.

The exchange ratios were determined based on the company valuation of BB, MTBH and the Acquiring Company. The record date of the valuation is 31 August 2021. The valuation was prepared by Ernst & Young Tanácsadó Kft. (head office: 1132 Budapest, Váci út 20., Hungary, registered with the Company Court of the Metropolitan Tribunal of Budapest under company registration number Cg.01-09-699932 ("Independent Valuer").

The evaluations completed are based on the notion of market value, which is defined as follows: "The market value is the estimated amount for which an asset is traded on the valuation date between a willing buyer and a willing seller in a transaction following appropriate marketing activity, where the parties have acted knowledgeably, prudently and without coercion." (IVS 2020)

The Merging Companies are valuated using the discounted dividend model ("DDM"), which is one of the discounted cash-flow ("DCF") methods. The DDM model determines the market value of a company's equity by discounting the maximum dividends that the company can pay

to its shareholders in the future. The maximum dividends payable to shareholders are estimated as the value of own funds in excess of the capital requirement (taking into account the limit applicable to original own funds and the available retained earnings).

The valuations are based on the Merging Companies' medium-term business plans, which already comprise the effects of the cooperation.

13.5 The exchange ratios of the shares were determined in such a way that the share in the equity capital of the shareholders of the Merging Companies, to be determined as a result of the merger (acquisition) with respect to the Acquiring Company proportionally reflects the total goodwill of the Merging Companies as determined on the basis of an independent valuation. Accordingly, the ratio of the equity capital and the goodwill of the Acquiring Company will be equal to the ratio of the equity capital determined by virtue of the merger (acquisition) and the resulting "merged" goodwill of the Acquiring Company. The nominal value and the number of shares to be issued as a result of the merger (acquisition) were also determined in accordance with the ratio of the goodwill of the companies, taking into account that, in determining the goodwill of MTBH, the Independent Valuer took into account the fulfilment of the obligation concerning the increase of the equity capital of the credit institution members of the Integration Organisation or of other credit institutions supervised on a consolidated basis, as defined in Act CXXXV of 2013, which obligations are to be fulfilled, inter alia, pursuant to point 9. Nevertheless, the exchange ratio of MTBH was determined in consideration of Section 24 (1) a) of the Transformation Act and those contained in Section 139 (2) b) of Act C of 2000 on Accounting – namely, the additional in-kind contribution set out in Clause 9was recognised in the opening (successor) draft statement of assets and liabilities of the Acquiring Company.

The goodwill values are determined rounded to HUF 100 million, the exchange ratio is detrmined rounded to eight decimal places and the equity capital of the Acquiring Company (legal successor) is determined according to the mathematical rules of rounding to HUF 1,000.

- 13.6 No additional cash payment will be made to the sole shareholder of the Companies Being Acquired against assets in excess of the equity capital.
- 13.7 The rules applicable to the transfer of the shares of the Acquiring Company required in connection with the completion of the merger are as follows:

Immediately following the Acquisition Date, the executive management of the Acquiring Company shall arrange for the issuance of dematerialised ordinary shares, each having a nominal value of HUF 1,000.00, representing the same rights as the dematerialised ordinary shares previously issued by the Acquiring Company, each having a nominal value of HUF 1,000.00, as set out in Clause 13.2. The newly issued ordinary shares will be credited onto the securities account of MBH immediately after the issue.

- 13.8 The newly issued shares will entitle their holders to dividends following the financial year of the Acquisition Date, that is, if the Acquisition Date falls to 2022, the newly issued shares will entitle their holders to dividends (to shares in after-tax profits) as of the financial year commencing on 1 January 2022. In order to avoid misunderstandings, it is set forth that in this case the newly issued shares will not entitle their holders to shares of the dividends declared in the financial year 2021 for the year 2022.
- 13.9 The Merging Companies set forth that the Acquisition Date shall be the date from which the legal transactions of the Companies Being Acquired are deemed legal transactions of the Acquiring Company for accounting purposes.

- 13.10 Having regard to Section 24 (1) (e) of the Transformation Act, the Merging Companies set forth that there are no such rights that the Acquiring Company would grant to shareholders or other holders of securities, possessing special rights and thus there are no measures necessary or proposed in this regard.
- 13.11 With reference to Section 24 (1) (f) of the Transformation Act, the Merging Companies set forth that no benefits are granted to the proceeding auditor, the members of the boards of directors, employees in executive positions and the members of the supervisory boards.
- 13.12 Pursuant to Section 25 (2) of the Transformation Act, the executive management of the Acquiring Company prepared a written report, attached as <u>Annex no. 10</u> to this Merger Agreement, in which it has justified the need for the merger by presenting the legal and economic aspects, the exchange ratio of the shares and particular difficulties of the valuation.

14. CONSULTATION WITH THE WORKS COUNCIL, INFORMATION PROVISION TO THE INTEREST REPRESENTATION BODIES OF EMPLOYEES

- 14.1 The Merging Companies set forth that those companies of the Merging Companies that have a works council or a shop steward in place have initiated consultations pursuant to Section 264 of Act I of 2012 on the Labour Code.
- 14.2 The Merging Companies set forth that, pursuant to Section 7 of the Transformation Act, they will inform the employee representative bodies functioning at the Merging Companies of the decision concerning the merger (acquisition) within 15 (fifteen) days following the date of adopting the relevant resolutions by the supreme bodies that decide on the merger (acquisition).

15. PROVISIONS CONCERNING REAL PROPERTIES

- 15.1 The Merging Companies set forth that BB owns the real properties (the "Real Properties") indicated in the draft inventory of holdings attached to this Merger Agreement as Annex no. 5, which are the subject of general succession by virtue of the merger, and that it is the common intention of the Merging Companies that the Acquiring Company should acquire the ownership in and to all of these Real Properties by means of a merger (acquisition) as the general legal successor of BB.
- 15.2 Concurrently with the signing of this Merger Agreement, BB and the Acquiring Company will enter into agreements in respect of the Real Properties in accordance with the model agreement attached to this Merger Agreement as <u>Annex no. 11</u>, for the purpose of transferring ownership title to these Real Properties in the Land Registry.

16. OTHER PROVISIONS

- 16.1 The Merging Companies represent that, pursuant to those set forth in Act LVII of 1996 on Unfair Market Practices and the Prohibition of Restriction of Competition, the merger (acquisition) does not require the approval of the Hungarian Competition Authority because the conditions for the concentration of undertakings do not exist in this case, considering that the merger of undertakings that are not independent of each other does not constitute concentration.
- 16.2 The Merging Companies agree that following the Acquisition, the legal form, company name and head office of the Acquiring Company will remain unchanged.
- Following the Acquisition Date, the head offices, facilities and branches of the Companies Being Acquired will continue to operate as the facilities and branches of the Acquiring

Company.

- Pursuant to Section 14 (5) of the Transformation Act, the Merging Companies designate the Acquiring Company from among themselves to initiate the publication of an announcement in the Companies Gazette, with contents set forth in the Civil Code and the Transformation Act, within eight (8) days following the date of adopting the resolutions by the supreme bodies that adopt a decision on the merger (acquisition) The announcement shall be published in two consecutive issues.
- 16.5 With regard to issues not regulated in this Merger Agreement, the provisions of the Transformation Act shall be applicable.

This Merger Agreement is signed by the senior officials of the Merging Companies pursuant to the authorisations contained in the resolutions adopted by the supreme bodies of the Companies Being Acquired and the Acquiring Company on December 15, 2021, respectively, in form and with contents agreed and approved in the resolutions.

on the draft balance sheets and draft property inventories

In our opinion, MKB Bank Public Limited Company, being the recipient merging

company, the Budapest Hitel- és Fejlesztési Bank Private Limited Company, be-

ing a merging company and Magyar Takarék Bankholding Private Limited Com-

pany, being a merging company and the MKB Bank Public Limited Company, be-

ing the legal successor company to be operated after the merger in unchanged form,

have compiled, in all material aspects, their respective draft Balance Sheet and Property

Inventory regarding the accounting date of 31 August 2021, in accordance with the

provisions stipulated in Articles 136 to 141 of Act C of 2000 on Accounting, being

valid and in force in Hungary.

Basis of the opinion

We conducted our audit in accordance with the Hungarian National Auditing Standards

and every Act and other statutory provisions relevant to the auditing work and valid

within the territory of Hungary. A more detailed description of our responsibility ex-

isting pursuant to such standards is provided in the chapter titled: "The auditor's respon-

sibility for auditing the draft Balance Sheet".

We are independent in respect to the content of the statutory provisions valid in Hun-

gary regarding the Merging Companies, the "Rules of ethics and disciplinary procedures

applicable to the profession of auditors" issued by the Chamber of Hungarian Auditors,

furthermore, in respect to issues not mentioned in the Rules, according to the provi-

sions specified in the "Code of Ethics of Professional Accountants" issued by the

Board of International Ethical Standards and we comply with every other ethical re-

quirements mentioned in the same norms.

We are convinced of the acquired accounting evidence's suitability for providing suffi-

cient and adequate basis for expressing our opinion.

Other issues - limited use

With due regard to the provisions specified in Article 4(6) of Act CLXXVI of 2013 on

the Reorganization, Merger and Demerger of Legal Persons (hereafter referred to as:

"Reorganization Act"), the present independent auditor's report has been compiled for

the owners of the companies participating in the merger and must not be used for any

purpose other than those stipulated in the said acts.

Other information: The Plan for Merger

With the exception of the draft Balance Sheets and the supporting draft Property In-

ventories of the Merging Companies, the other information comprise the reorganiza-

tion (merger) plan specified in Article 3 of the Reorganization Act.

Our auditor's opinion expounded regarding the draft balance sheets shown in the chap-

ter of "Opinion" included in our independent auditor's opinion does not apply to the

reorganization (merger) plan. The management is responsible for the preparation of

the reorganization (merger) plan in accordance with the provisions of Act V of 2013

on the Civil Code and the Reorganization Act.

In connection with the auditing of the draft balance sheets, we are responsible for

having read the reorganization (merger) plan and for establishing whether the reorgan-

ization (merger) plan is in contradiction, in any material aspect, to the draft balance

sheets or to the knowledge we acquired during the audit procedure or they can be con-

sidered to include any significantly faulty statement. If we come, during the perfor-

mance of our work, to the conclusion that the reorganization (merger) plan comprises

any significantly faulty statement, we are obliged to report this fact and the nature of

the faulty statement. In this regard, we have nothing to report.

On 15 November 2021, prior to the planned merger of Budapest Hitel- és Fejlesztési

Bank PLC, KPMG Hungária Ltd. issued an unqualified opinion regarding the status

of the Bank's interim balance sheet as at 31 August 2021, compiled according to the

EU IFRS standards.

Prior to the planned merger, Deloitte Ltd. issued an auditor's opinion on 15 November

2021 regarding the interim balance sheet of MKB Bank Public Limited Company

drawn as at 31 August 2021, containing a warning in respect to the effects produced

by the presumably changing environment of the regulations during the period follow-

ing 31 August 2021.

The pre-merger interim balance sheet of Magyar Takarék Bankholding PLC. drawn to

establish the facts as at 31 August 2021, was audited in the course of the merger pro-

cedure.

on the draft balance sheets and draft property inventories

Responsibility of the management for the correctness of the draft balance sheet and property inventory

The management is responsible for the preparation of the draft balance sheet in accordance with Articles 136 to 141 of the Accounting Act and for the completion of any internal control deemed by the management necessary for ensuring compilation of draft balance sheets exempt from any material misstatement attributable to fraud or default.

In the course of preparation of the draft balance sheets, the management is responsible for assessing the ability of the legal successor company to continue the entrepreneurial activities, for making us aware of any information related to the continuance of the business undertaking and for the preparation of the draft balance sheet based on the principle of going concern. The management should start off from the principle of going concern provided that no regulation hinders the use of such principle or no fact or circumstance contradicts to the continuation of the entrepreneurial activities.

The persons authorized to exercise control are responsible for supervising the process of financial reporting of the company they control.

Responsibility of the accountant for the audit of the drafts of the balance sheet and property inventory

In the course of conducting our audit, our purpose is to attain proper certitude needed to establish that the draft balance sheets have been compiled in accordance with the provisions specified in Articles 136 to 141 of the Accounting Act, the entirety of the draft balance sheets does not contain any erroneous statement attributable to fraud or default and, in consequence, to issue an independent auditor's opinion containing our unbiased opinion. Proper certitude means a high-level certitude but offers no guarantee for the exploration, in every case, of otherwise existing material misstatements. Erroneous statements can arise from fraud or default and they qualify as making material effect if, according to a reasonable assumption, they can influence, separately or jointly, the economic decisions made by the users, on the basis of a given draft balance sheet.

In the course of the entire audit process conducted according to the Hungarian National Standards of Auditing, we have applied professional judgment and maintained professional skepticism.

7

on the draft balance sheets and draft property inventories

Furthermore:

- We identify and assess the risks of material misstatements occurring in the draft balance sheet and potentially arising from fraud or default, we develop and implement the auditing procedures suitable for handling such risks and acquire suitable and sufficient evidence needed to justify our opinion. The severity of our failure to establish materially erroneous statements attributable to fraud exceeds the severity of cases arising from mistakes because fraudulent activities can comprise collusion, counterfeiting, deliberate omissions, mistaken statements or overriding of the internal control.
- We get acquainted with the process of internal audit relevant from aspects of the audit in order to planning our auditing procedures deemed appropriate under the given circumstances but not to express any opinion regarding the efficiency of the Company's internal audit.
- We appreciate both the appropriateness of the accounting policy implemented and the reasonability of the accounting estimates developed by the management.
- We draw a conclusion whether the management decided aptly regarding the compilation of the draft balance sheet based on the principle of ongoing concern. Our examination related to the exercise of this principle was conducted in respect to the legal successor company and extended until the planned date of the reorganization. If we draw the conclusion stating that the management decided wrongly when it applied the principle of ongoing concern in the course of preparing the draft balance sheet, we have to issue a counter-advice. Our conclusions have been based on accounting evidence acquired until the date of our independent auditor's opinion. It can happen, as a consequence of unpredictable future events or conditions, that the legal successor company shall be unable to continue the business undertaking.
- We appreciate the comprehensive presentation, structure and content of the draft balance sheet and we evaluate whether presentation of the transactions and events discussed in the draft balance sheet meets the provisions specified in Articles 136 to 141 of the Accounting Act.

Report on other legal and regulatory requirements

The column of the differences preceding the amount of the consolidated balance sheet contains the amendments made owing to the unification of the accounting policy (HUF 1,322 million), the investments (the value of the subsidiary company's contribution in kind calculated according to the IFRS) made into the affiliate companies, joint ventures and associated business undertakings (HUF 97,000 million) and the amount of other assets (capital increase) receivables from the owner (HUF 185,000 million).

In accordance with the amendment made to the Integration Act valid as of 29 October 2021, the Central Organization of the Integrated Credit Institutions shall be removed from the Hungarian bank system until 2042. As a first step, the Central Organization of the Integrated Credit Institutions shall be obliged to invest its assets to be comprised in the members' regulatory capital (HUF 190 bn) into bonds to be issued by the Magyar Bankholding PLC ("MBH") and to be used by MBH for increasing the capital in the Hungarian Savings Bank Group (Magyar Takarékbank Csoport).

An amount of HUF 185 billion had been made available as additional contribution needed to meet the obligation specified in Act CXXXV of 2013 (hereafter referred to as: "Act") and was taken into account in the course of evaluation of Magyar Takarék Bankholding PLC. while the difference between the amount received from bond issues specified in the Act and the amount of the said additional contribution shall be used in the future to increase the own equity of the entity/entities mentioned in the Act. In case of payment of interim dividends, HUF 75,602,779,000 shall be used, to the debit of the additional contribution, for increasing the equity capital of the Recipient Company while the remaining amount (HUF 109,397,221,000) shall be added permanently to the Recipient Company's capital reserve and shall be posted as increase of the capital reserve.

If no dividend is disbursed, an amount of HUF 74.297.189.000 shall be added to the Recipient Company's equity capital while the remaining HUF 110.702.811.000 shall be added, according to Act Cof 2000, permanently to the Recipient Company's capital reserve and shall be posted as increase of the capital reserve.

on the draft balance sheets and draft property inventories

The Government Decree No. 536/2021.(IX.15.)Korm adopted on the amendments of the Government Decree No. 637/2020.(XII. 22.)Korm. on the introduction of special rules on loan repayment moratorium in relation to the state of danger, extended the date of expiry of the moratorium on loan repayments, furthermore, the Government Decree No. 537/2021. (IX. 15.) Korm. on the rules of settlement of certain contracts related to the moratorium on loan repayments had been promulgated.

The effects produced by the extended and promulgated moratorium on loan repayments after the accounting date of the balance sheet is shown in the column of the differences (HUF 47,257 million) preceding the amount of the consolidated balance sheet and it comprises a reserve needed to cover the loss of property and was separated to cover the loss of property caused by the incidental egress of certain members, beyond the effects produced by the extended and promulgated moratorium on loan repayments after the accounting date of the balance sheet. The management of the Merging Companies is responsible for compiling, simultaneously with the preparation of the Merger Agreement, a written report structured to justify the necessity of the merger, with reference to legal and financial aspects. Furthermore, they have to determine the exchange rate of the shares and explain the specific difficulties possibly encountered during the evaluation.

We are responsible for submitting the report prepared in connection with the provisions specified in Sections (4) and (5) of Article 24 of the Reorganization Act.

The exchange rates are calculated on the basis of the assessment of the value of the stakes involved in the merger of the Budapest Hitel- és Fejlesztési Bank PLC, the Magyar Takarék Bankholding PLC and the Receiving Company.

According to Article 24 of the Reorganization Act, we examined the method used to determine the exchange rate of the shares, the adequacy of the methods so applied, the difference between the values calculated using the various methods and, finally, the adequacy of the exchange rate.

The accounting date of the assessment conducted by Ernst & Young Cunsulting Ltd. was 31 August 2021. The discounted dividend model (DDM) known among the discounted cash-flows methods (DCF) was used to evaluate the performance of the Merging Companies. According to the DDM model, the market value of a company's equity capital is determined by discounting the maximum dividends that can be disbursed to the owners in the future.

The maximum amount of dividends that can be disbursed to the owners is estimated

on the draft balance sheets and draft property inventories

regard to the limits set by the primary regulatory capital and the available profit reserve).

The exchange rates of the shares had been determined in order to ensure that, as a result of the merger, the equity-proportional holding of the Merging Companies' share-holders determined in respect to the Recipient Company, compare proportionately to the total goodwill of the Merging Companies established on the basis their independent valuation. Accordingly, the relative proportion of the equity capital and goodwill of the Recipient Company shall, as a result of the merger, will be identical with the relative proportion of the equity capital and the "united" goodwill to be determined in respect to the Recipient Company. Also the face-value and the number of the shares to be issued as a result of the merger shall be determined in function of the relative proportion of the good-will, with due regard to the fact that, in the course of determining the value of goodwill of the Magyar Takarék Bankholding PLC, the Independent Valuation Organization took into consideration also the obligation of increasing the own equity of the members of the Integration Organization's credit institution or any further credit institutions being subject to the consolidated supervision, as specified in Act CXXXV of 2013 and to be implemented in accordance with Chapter 9 of the Merger Agreement.

Nevertheless, the exchange rate applied to the Magyar Takarék Bankholding PLC was determined with due regard to the provisions specified in Section (1) a) of Article 24 of the Reorganization Act and in Section (2)b) of Article 139 of Act C of 2000. In other words, the value of the additional contribution specified in Chapter 9 of the Merger Agreement was shown in the initial draft balance sheet of the Recipient Company (the legal successor).

The merging companies established the exchange rates in the Merger Agreement, on the basis of the expert opinion and other relevant aspects.

on the draft balance sheets and draft property inventories

1. / Without dividend

In the course of the merger, the subscribed capital of the Recipient Company increases to HUF 307,670,683,000. In consequence, 307,670,683,000 dematerialized ordinary shares of HUF 1,000 face-value each shall be issued and owned by the sole shareholder of the Merging Companies, according to the following exchange rates:

- a) MKB Bank Plc.: 100,000,.000 shares of HUF 1,000 face-value, i.e. ordinary share of HUF 100,000,000,000 nominal value,
- b) Budapest Hitel- és Fejlesztési Bank PLC.: 19,395,945 shares of HUF 1000 nominal value, i.e. ordinary share of HUF 19,396,000,000 nominal value, based on 4.79750840 exchange rate, i.e. 93,052,209 shares of HUF 1.000 nominal value each, ordinary share of HUF 93,052,208,835 shall be taken into account,
- c) Magyar Takarék Bankholding PLC.: 2,000,000 ordinary shares of HUF 1000 nominal value each, having a total nominal value of HUF 30,220,000,000 (2,000,000,000+28,220,000,000) based on a 1.33425827 exchange rate, 40,321,285 ordinary shares of HUF 1,000 each, i.e. HUF 40,321,285,141 shall be taken into account. The further scenario assumes the increase of subscribed capital of Magyar Takarék Bankholding PLC. resulting from a bond issue of HUF 74,297,189,000 by MBH. The HUF 28,220,000,000 contribution was identified in the course of determining the nominal value of HUF 30,220,000,000 as an additional source of capital. In accordance with Section (1) of the Act C of 2000 on Accounting, the capital increase by MBH remaining from the amount of HUF 185 bn (HUF 110,702,811,245 Ft) will be transferred permanently as an increase above the nominal value contribution (premium) by the Recipient Company and it will be shown as an increase of contribution beyond the nominal value (premium).
- d) after the swaps, the new share capital of MKB Bank Plc. will increase to HUF 307,670,682,731 which, rounded to the next HUF 1,000 will mean HUF 307,670,683.

2./ After the decision made to pay dividends

- e) **MKB Bank Plc.:** 100,000,000 ordinary shares of HUF 1,000 nominal value, i.e. HUF 100,000,000,000.
- f) Budapest Hitel- és Fejlesztési Bank PLC.: 19,395,945 ordinary shares of HUF 1,000 nominal value each, i.e. HUF 19,396,000,000, based on 4.88181277 exchange rate, i.e. 94.687.372 ordinary shares of HUF 1,000 nominal value each, i.e., HUF 94,687,372,000 will be taken into account.
- g) Magyar Takarék Bankholding PLC.: 2,000,000 ordinary shares of HUF 1,000 nominal value each, i.e. ordinary shares of HUF 30,220,000,000 nominal value (2,000,000 thousand+28,220,000 thousand), based on 1.35770457 exchange rate, i.e. 41,029,832 ordinary shares of 1.000 nominal value, HUF 41,029,832,448 will be taken into account. The additional HUF 75,602,779,000 amount suggests a capital increase arising from a bond issue carried out by MBH in connection with Magyar Takarék Bankholding Zrt. The contribution of HUF 28,220,000,000 has been taken into account as an additional source of financing, in the course of determining the nominal value of HUF 30,220,000,000. In accordance with Section (1) of the Act C of 2000 on Accounting, the amount of HUF 109,397,221,000 remaining from the HUF 185 bn will be transferred permanently as an above-the-nominal value contribution (premium) by the Recipient Company and it will be shown as an increase of contribution beyond the nominal value (premium).
- h) after the swaps, the new share capital of **MKB Bank Plc.** will increase to **HUF 311.319.983.000**, which, rounded to the next HUF 1,000 will mean HUF 311.319.983.

Rounding of the goodwill/value of the companies to the next hundred million forints, the rounding of the exchange rate to eight decimal places and rounding of the equity capital of the Recipient Company (the legal successor) to the next thousand forints was determined on the basis of the mathematical rules of rounding.

In our opinion, the company established the exchange rate of the shares correctly and the chosen method provides, a fair and true description of the actual relationships.

In the course of verifying the exchange rate calculations, we took into consideration

on the draft balance sheets and draft property inventories

the assessment carried out by Ernst & Young Consulting Ltd. in respect to the status

of the Merging Companies observed at the accounting date, i.e. 31 August 2021 which

showed that the estimated liquidation value of 100% of MKB Bank's equity capital was

HUF 216.5 bn and the liquidation value of the minority shares (2.81%) was HUF 6.09

bn.

In accordance with Section (5) of Article 24 of the Reorganization Act, we examined

whether the content of the draft Merger Agreement and the written reports submitted

by the senior executives were well founded and we audited whether the planned merger

imposed any endanger to meeting of the claims the creditors could raise against the

companies.

We deem the content of the draft Merger Agreement and the written reports submitted

by the senior executives well founded information.

In our opinion, the planned merger does not endanger meeting of the claims the cred-

itors could raise against the companies concerned in the merger.

We repeat our previous statement, namely that the present report has been prepared

exclusively for the purpose of providing information to the owners (shareholders) of

the companies and it must not be used by other persons or for other intentions.

Our present report is issued as an unsigned draft whose content can change after the

adoption of the decision to be made in connection with the payment of dividends dur-

ing the general meeting to be held on 15 December 2021.

1. PREAMBLE

The Board of Directors of MKB Bank Plc (registered office: 1056 Budapest, Váci u. 38., Hungary; registered by the Court of Registration of the Budapest Metropolitan Court under company registration number Cg. 01-10-040952; 'Acquiring Company') submits the following management report to BUDAPEST Hitel- és Fejlesztési Bank Zártkörűen Működő Részvénytársaság (registered office: 1138 Budapest, Váci út 193., Hungary; registered by the Court of Registration of the Budapest Metropolitan Court under company registration number Cg. 01-10-041037; 'BB') and Magyar Takarék Bankholding Zártkörűen Működő Részvénytársaság (registered office: 1134 Budapest, Kassák Lajos utca 18., Hungary; registered by the Court of Registration of the Budapest Metropolitan Court under company registration number Cg. 01-10-141497; 'MTBH') as companies to be acquired (hereinafter jointly referred to as 'Companies to be Acquired'; Companies to be Acquired and Acquiring Company shall be jointly referred to as 'Merging Companies') pursuant to Article 24 (2) of the Transformation Act in connection with their planned merger with the Acquiring Company.

2. SUBJECT OF THE MANAGEMENT REPORT

- 2.1 Pursuant to Article 24 (2) of the Transformation Act the Management Board of the Acquiring Company shall prepare a written report regarding the merger, in which the management shall
 - (a) explain the necessity of the merger (acquisition) by disclosing the legal and economic considerations (please refer to Section 5 below) and the ratio of exchange of the shares (please refer to Section 6 below);
 - (b) and detail the difficulties of the valuation, if there were such difficulties (please refer to Section 7. below).
- 2.2 The present management report is substantiated by the draft of the merger contract (please refer to Section 3(c) below, 'Merger Contract').

3. EXPLANATIONS RELATED TO THE PLANNED MERGER

General observations

- (a) The Companies to be Acquired shall be merged with the Acquiring Company, as result of which merger the Companies to be Acquired shall cease with legal succession, their assets and liabilities shall be transferred to the Acquiring Company within the framework of general legal succession. Resulting from the merger the general legal successor of the Companies to be Acquired shall be the Acquiring Company. The creditors of the Companies to be Acquired shall become the creditors of the Acquiring Company.
- (b) Pursuant to Article 3:44 (1) of Act V of 2013 on the Civil Code the form of merger shall be combination by acquisition.
- (c) Having regard to the decision on the payment of partial dividend in the value of HUF 4,300,000,000 planned to be approved by the general meeting of the Acquiring Company, the management boards of the Merging Companies drew up the Merger Contract pursuant to Articles 14 and 24 (1) of the Transformation Act.

4. APPROVAL OF THE SHAREHOLDERS

For the occurrence of the legal consequences of the merger the supreme boards of the Merging Companies shall approve the Merger Contract by adopting a resolution.

5. PRESENTATION OF THE EXPLANATIONS OF THE MERGER FROM LEGAL AND ECONOMIC POINTS OF VIEW.

From economic point of view the merger shall facilitate the exploitation of significant synergies, the main elements of which are:

Business synergies: The Acquiring Company shall be able to access the customer databases of the Merging Companies, higher income may be realised on one customer by cross-sale, and additionally the business size proportional reserves of the business activity (such as liquidity reserve, capital reserve, risk reserves) may be optimised, by which more efficient capital utilisation is ensured. The innovative customer relation IT developments shall facilitate access to new customers and the streamlining of the sales channels.

IT synergies: the IT structure required by the Acquiring Company is significantly smaller both in size and complexity than the pool of the infrastructure currently in use by the Merging Companies separately. Developments resulting from the merger shall facilitate the introduction of IT tools more efficient than the current ones both in the fields of the operative function of banking and customer relations.

Organisational synergies: the IT developments and the size of business proportional resources related to customer activities by the unification of the processes as well as the size of control and other service areas can be reduced.

Other cost synergies: The external expert, marketing and legal costs may be significantly reduced at the Acquiring Company after the merger, and in the case of a proportionally smaller organisation the real estate costs may also be streamlined. The streamlined sales network shall also affect the real estate and vehicle costs.

From legal point of view, in the interest of maximising the company value, the implementation of the economic synergies at the Acquiring Company shall be facilitated by uniform company management and the establishment of internal regulations necessary for it.

6. SUBSTANTIATION OF THE SHARES' RATIO OF EXCHANGE

- 6.1 The Merger Contract shall include the ratio of exchange of the Merging Companies' shares. The calculation of the ratio of exchange is based on that the registered capital of the Acquiring Company shall grow to HUF 311,319,983,000 in the course of the merger with the additional asset contribution specified in Section 9 of the Merger Contract also taken into account as follows:
 - 6.1.1 resulting from the additional asset contribution specified in Section 9 of the Merger Contract 75,602,779 dematerialised equity shares of HUF 1,000 face value each and of HUF 2,446.9999971827 nominal value (that is altogether of HUF 185,000,000,000 nominal value) shall be issued, to which Magyar Bankholding Plc performing the additional contribution (registered office: 1134 Budapest, Kassák Lajos utca 18.; company registration number: Cg.01-10-140865; 'MBH'), as the sole shareholder of the Companies to be Acquired shall become entitled;

- against the shares of the Companies to be Acquired 135,717,204 dematerialised equity shares of HUF 1,000 face value of each shall be issued, to which MBH, as the sole shareholder of the Companies to be Acquired shall become entitled.
- 6.2 The management boards of the Merging Companies specified the ratio of exchange of the shares according to the above Section 6.1.2 pursuant to the following valuations:

The definition of the ratios of exchange is based on the company appraisal of BB, MTBH and the Acquiring Company. The accounting date of the valuation is 31 August 2021. The valuation was prepared by Ernst & Young Tanácsadó Kft. (registered office: 1132 Budapest, Váci út 20., Hungary; registered by the Court of Registration of the Budapest Metropolitan Court under company registration number Cg. 01-09-69932) ("Independent Appraiser").

The performed valuations are based on the notion of market value, the definition of which is the following: 'Market value is the estimated value, at which the asset changes owners on the day of the valuation between one willing buyer and one willing seller within the framework of a transaction following appropriate marketing activity, where the parties act in awareness, prudently and without pressure. (IVS 2020)

For the valuation of the Merging Companies we apply the discounted dividend model ('DDM') from among the discounted cash flows ('DCF') methods. DDM model defines the market value of a company's equity by discounting the maximum dividends, which may be paid to the owners by the company in the future. The size of maximum dividend, which may be paid to the owners was estimated as the value of adjusted capital exceeding the capital requirements (taking into account both the limit of the primary adjusted capital and the available profit reserve).

The medium term business plans of the Merging Companies already including the effects of the cooperation were taken as the basis of the valuations.

The ratios of exchange of the shares were defined so that the equity capital participation of the shareholders of the Merging Companies in terms of the Acquiring Company may proportionally reflect the total company values of the Merging Companies established based on the independent company appraisal. Accordingly, the compared ratio of the equity capital and company value of the Acquiring Company equals the compared ratio of equity capital defined as a result of the merger (acquisition) and the output 'joint' company value defined in terms of the Acquiring Company. The face value and number of the shares to be issued as a result of the merger (acquisition) was also defined according to the proportion of the company values, considering that in the course of establishing the company value of MTBH the Independent Appraiser also took into account the performance of the obligation to increase the equity capital - to be performed, among others, pursuant to Section 9 of the Merger Contract - of the members of the Integration Organisation credit institution provisioned by Act CXXXV of 2013 or of further credit institutions under their joint-based supervision. Nevertheless, the ratio of exchange of MTBH was defined having regard to Article 24 (1) of the Transformation Act and the content of Article 139 (2) b) of Act C of 2000 on Accounting - meaning that the additional asset contribution specified in Section 9 of the Merger Contract was incorporated in the draft balance sheet of the Acquiring Company (legal successor).

The company values were defined based on the mathematical rules of rounding to one hundred million HUF, the rounding of the ratio of exchange to eight decimals, and the equity capital of the Acquiring Company (legal successor) was specified based on the mathematical rules of rounding to one thousand HUF.

6.3 The ratios of exchange specified based on the above methodology are the following:

Share	Ratio of exchange
equity share of BUDAPEST Hitel- és Fejlesztési Bank Zártkörűen Működő Részvénytársaság	1 / 4.88181277
equity share of Magyar Takarék Bankholding Zártkörűen Működő Részvénytársaság	1 / 1.35770457

6.4 Pursuant to above Section 6.1.2, resulting from the merger, MBH as the sole shareholder of the Companies to be Acquired shall be entitled to equity share issued by the Acquiring Company against the shares of the Companies to be Acquired as follows:

Share of Company to be Acquired	Equity share of Acquiring
	Company
against 19,395,945 equity shares of BUDAPEST Hitel-	94,687,372 shares
és Fejlesztési Bank Zártkörűen Működő	
Részvénytársaság	
against 30,220,000 equity shares of Magyar Takarék	41,029,832 shares
Bankholding Zártkörűen Működő Részvénytársaság	

7. EXPLANATION OF THE DIFFICULTIES OF THE VALUATION

Act CIV of 2021 on the Amendment of Act CXXXV of 2013 on the Integration of Credit Institutions Set Up as Cooperative Societies and on the Amendment of Regulations Relating to the Economy, which affects the valuation significantly, was published in the Hungarian Official Gazette after the accounting date of the valuation but prior to the signing of the Merger Contract. The effect of the act on the valuation and the details of its management are included in Section 6.2.

8. SUMMARY STATEMENTS

- 8.1 The merger is well-founded both legally and economically, both from the point of view of the Acquiring Company, as general legal successor, the Companies to be Merged and the shareholders of the Acquiring Company.
- 8.2 Pursuant to Article 25 (4) of the Transformation Act the present management report shall be published at the homepage of the Acquiring Company minimum 30 days prior to the planned date of the resolutions to be adopted on the merger of the Merging Companies by their supreme boards together with the merger plan (including in particular the Merger Contract) and the reports of the Merging Companies of the past three years drawn up pursuant to the Accounting Act.
